

Benefits for subject and school leaders

With every display in school at your fingertips you can quickly benefit from new insights as part of your subject monitoring in real-time.

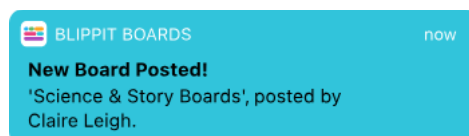

Subject leaders

- be virtually everywhere at once and don't miss transient working wall learning
- know more accurately about a subject's visibility at school, key stage and class levels
- save time & motion in your day
- enrich your subject monitoring reports with ready-made customisable Dashboard charts
- support staff development
- celebrate good practice and share new ideas

School leaders

- know for a fact where SRE, BVs, SMSC and SIAMS are or have been on display
- be virtually anywhere in school to monitor whole school values in display
- directly support and evidence performance management reviews for Teaching Assistants
- see in real-time how your school development priorities manifest in displays
- share current and historical teaching practice to support your NQT induction
